

RECOLLECTIONS

Honoring the collectors who preserve the history of the transportation industry

Bill Shea, owner of Shea's Gas Station Museum in Springfield, Illinois, operated service stations and truck accessory businesses along Route 66 for over 60 years. Bill had a front row seat as the transportation industry evolved and grew. His museum features gas pumps, signage, and other artifacts that celebrate a simpler time when highways went through towns and not around them.

Experience

On our 50th Anniversary, Bandag celebrates the experience found in every corner of the trucking industry. We are proud to be a part of this strong group that learns by doing and succeeding.
